\*A perennial is a plant that comes back every year. All shrubs are perennials.

\*An annual is a plant that will need re-planted every year.

\*An evergreen is a plant that will keep it's foliage during the winter and remain green.

\*An ornamental tree is a smaller tree often used as a focal point of a landscape. They often are flowering or have a unique leaf or branch structure.

\*Some of the plants under the sun / shade headings MAY also do okay in PART SUN / PART SHADE.

\*The plants and materials that are displayed in this catalog are commonly used by Outdoor Escapes. Many others are available that are not displayed.

# Sun Shrubs

**A.W. Spirea**  
 full sun  
 up to 4'  
 blooms in the summer  
 large purplish flower

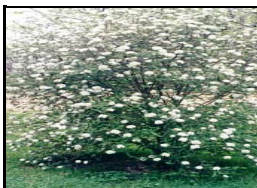

**Abelia**  
 full sun / part sun

full sun / part sun  
up to 3 feet  
dark burgundy foliage  
pink flowers in summer  
good for borders

**Yellow-twig Dogwood**

full sun  
up to 8 feet  
variegated or standard foliage  
attractive yellow branches in winter

# Shade Shrubs

## Autumn Fern

shade  
18-24 inches  
attractive bronze foliage

## Azalea

shade  
up to 36 inches  
blooms in the spring  
pink, red, white, purple

## Blue Prince Holly

shade  
up to 5 foot tall  
slow grower  
plant princess holly to produce  
red berries

## Blue Hydrangea

shade / part sun  
up to 4 feet  
blooms in summer  
attractive blue flowers  
requires aluminum sulfate

## Fern Leaf Buckthorn

shade / part sun  
up to 4 feet  
unique fern like foliage  
good for texture

## Japanese Kerria

part shade  
up to 6 foot  
blooms in late spring/summer  
available in many colors  
fast growth

## Lady in Red Hydrangea

shade / part shade  
up to 4 foot  
pink flowers in summer  
very large blooms

## Oak Leaf Hydrangea

shade / part shade  
up to 6 foot  
summer flowers  
attractive oak-like leaf

## Pieris Japonica

shade / part sun  
up to 12 foot  
white flowers in winter and early  
spring  
likes acidic soil

## P.J.M. Rhododendron

shade / part shade  
up to 5 feet tall  
blooms in spring  
pink, white, red, purple  
likes acidic soil

# Evergreen Shrubs

## Birds Nest Spruce

full sun  
up to 3 feet  
spreading growth  
good for borders, rock gardens

## Blue Chip Juniper

full sun  
up to 5 feet wide  
spreading growth  
bluish foliage  
cascades over walls, etc... well

## Blue Rug Juniper

full sun  
up to 5 feet wide  
spreading growth  
cascades well

## Boxwood

full sun / part sun  
up to 4 feet  
glossy green foliage  
low maintenance  
good for hedges

## Columnar Juniper

full sun  
up to 8 feet tall  
good for screens  
many varieties available

## Cypress

full sun  
up to 4 feet  
thread like leaf  
available in many varieties

## Dwf. Alberta Spruce

full sun / part sun  
up to 6 foot  
low maintenance  
compact growth  
grows only 1 inch per year

## English Laurel

part sun / shade  
up to 6 feet  
glossy tropical foliage  
small white flowers in summer  
unique evergreen

## Variegated Euonymus

full sun  
up to 4 feet  
attractive variegated foliage  
good for hedges

## Euonymus

full sun  
up to 4 feet  
attractive glossy foliage  
good for hedges

## Globe Blue Spruce (grafted)

full sun  
up to 4 feet tall  
attractive blue evergreen  
good specimen plant  
unique shape

## Globe Blue Spruce

full sun  
36-48 inches tall  
attractive blue evergreen  
good for contrast

## Gold Lace Juniper

full sun  
up to 4 feet tall  
spreading growth  
good for rock gardens  
bright yellow laced leaves

## Inkberry Holly

full sun  
up to 4 feet tall  
glossy elongated leaf  
good for foundation plantings

# Evergreen Shrubs cont...

## Little Giant Arborvitae

full sun  
up to 18 inches  
good potting plant  
good for borders

## Moonglow Juniper

full sun / part sun  
up to 5'  
bluish green foliage  
good for screens  
good for foundation plants

## Mugho Pine

full sun  
3 - 5 feet tall  
compact growth  
low maintenance  
good for borders

## Pompon Juniper

full sun  
up to 4 feet  
good specimen plant  
very unique growth  
one of a kind

## Pyramidal Arborvitae

full sun / part sun  
up to 8 feet tall  
good for screens  
compact upright growth  
low maintenance

## Seagreen Juniper

full sun / part sun  
up to 4 feet  
spreading "feathery" growth  
good for hedges  
good free-form plant

## Skyrocket Juniper

full sun / part sun  
up to 8 feet  
bluish green foliage  
good for privacy screens  
tall, but skinny

## Weeping Norway Spruce

full sun  
up to 8 feet  
good specimen plant  
good for water gardens  
unique weeping growth

## Yew

full sun  
up to 5 feet tall  
good for hedges  
good foundation plant

# Ornamental Grasses

## Blue Fescue

sun / part sun  
18-24 inches  
attractive bluish green foliage  
good for borders

## Dwarf Mondo Grass

full sun / part sun  
12-18 inches  
good for ground cover  
good for borders

## Dwarf Hammelin Grass

full sun / part sun  
18-30 inches  
cattail looking foliage  
good for rock gardens or accents by boulders

## Japanese Blood Grass

full sun / part sun  
12-18 inches  
red tips on grass blades  
quick spreader / good for water gardens

## Japanese Silvergrass

full sun / part sun  
36-48 inches  
silver stripes accent the leaf blade  
good for uprights and privacy

full sun / part sun  
36-48 inches  
provides different texture in the landscape

## Porcupine Grass

full / part sun  
36-48 inches  
yellow spots accent the blades of grass  
good for uprights and quick growth

## Variegated Liriope Grass

full / part sun  
12 inches tall  
grass will spread to form ground cover  
good for borders and accents  
purple spikes of flowers bloom in the summer

# Sun Perennials

## Autumn Joy Sedum

full sun  
18-24 inches  
blooms in the summer  
large pink flower

## Black-Eyed Susan

full sun / part sun  
12-18 inches  
blooms in the summer  
good for borders or pots  
good cutting flowers

## Butterfly Bush

full sun  
3 - 5 feet tall  
blooms in the summer  
long purple spiked flowers  
butterflies & hummingbirds

## Caryopteris

full sun  
up to 3 feet  
blooms in late summer  
attractive blue flowers

## Coreopsis

full sun / part sun  
12-24 inches  
good for borders  
pink, yellow and variegated  
are available

## Daylily

full sun / part sun  
12-18 inches  
blooms in late spring/summer  
available in many colors

## Hibiscus

full sun / part sun  
up to 6 foot  
flowers in summer  
very large blooms  
attracts butterflies

## Lambs Ear

full sun  
6-12 inches  
soft foliage  
attractive silver color

## Lythrum

full sun  
30-36 inches tall  
good for water gardens  
covered in purple flowers

## Purple Cone Flower

full sun / part sun  
24-30 inches tall  
blooms in summer  
good cutting flower  
attracts hummingbirds

## Russian Sage

full sun  
24-30 inches tall  
blooms in summer  
tall spikes of blue flowers  
very fragrant

## Shasta Daisy

full sun  
36-48 inches tall  
blooms in summer  
great cutting flower  
good tall perennial

## Veronica

full sun / part sun  
12-18 inches  
blooms in summer  
good for rock gardens  
spikes of purplish blue flower

# Shade Perennials

## Astilbe

part shade / shade  
18-24 inches  
attractive foliage  
available in many colors and varieties

## Bleeding Heart

sun / shade  
12-18 inches  
unique leaves  
good for rock gardens  
blooms in spring

## Heuchera

part shade / shade  
12 - 18 inches  
attractive purple foliage  
tall spikes with white bell flowers

## Hosta

part shade / shade  
12-18 inches  
varieties of attractive foliage  
good for borders

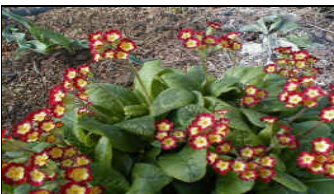

## Lily of the Valley

shade / part shade  
8 inches tall  
small white flowers in late spring  
good for groundcover

## Lobelia

part shade  
8 inches tall  
bright blue flowers in summer and fall  
works good as a groundcover

## Primrose

shade / part shade  
6 - 12 inches  
blooms in winter - early spring  
good for potting and seasonal color

# Groundcovers and Vines

## Ajuga

sun / part sun  
4-6 inches  
blooms in late spring / early summer  
attractive purplish evergreen foliage

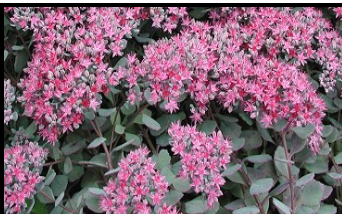

## Cotoneaster

full sun / part sun  
18-24 inches  
red flowers in summer  
good for ground cover

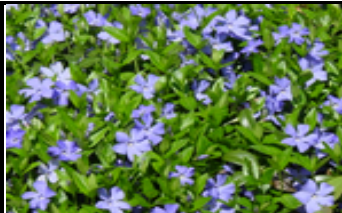

## Frosty Morning Sedum

full sun  
6-12 inches  
attractive foliage  
good for rock gardens

## Ruby Glow Sedum

full sun  
6-12 inches  
red flowers from summer - fall  
attracts butterflies

## Vinca Vine

full sun  
vigorous spreading habits  
excellent fast growing groundcover  
blue flowers mid spring - fall

## Clematis

full sun  
climbing habit  
perfect for trellises  
bloom in spring and early summer-many blooms

## Purple Wisteria

full / part sun  
vigorous, woody stemmed climber  
blooms in spring  
climbs walls, trellises - up to 28 feet

# Annuals

**Aster**  
 full sun  
 18-24 inches  
 blooms in the fall  
 good for seasonal color  
 available in many colors

**Begonia**  
 part sun  
 6-12 inches  
 blooms in the summer  
 good for borders or pots  
 available in many colors

**Blue Salvia**  
 full sun  
 12-18 inches  
 blooms in the summer  
 good for borders  
 tall spikes of flowers

**Caladium**  
 shade  
 12-30 inches  
 attractive foliage  
 good for dry areas

**Coleus**  
 full sun/part sun  
 12-24 inches  
 attractive foliage  
 many color varieties

**Dwarf Red Canna**  
 part sun  
 24-36 inches  
 large palmate leaves  
 tall reddish/orange flowers  
 blooms in summer

**Impatiens**  
 shade  
 6-18 inches  
 long lasting summer flowers  
 good for mass planting  
 available in many colors

**Marigolds**  
 full sun  
 6-12 inches  
 blooms in summer  
 yellow, white and orange

**Mums**  
 full sun  
 12-24 inches  
 good for fall color

**Pansies**  
 full sun  
 6-12 inches  
 blooms in fall-winter  
 withstands winter conditions  
 available in many colors

**Red Salvia**  
 full sun  
 12-18 inches  
 blooms in summer  
 tall spikes of flowers  
 purple, pink, blue, white, red

**Scaveola**  
 full sun  
 4-8 inches  
 blooms summer and fall  
 great for borders  
 provides good groundcover

**Vinca**  
 full sun  
 6-12 inches  
 blooms in summer  
 good for hot, dry conditions  
 available in many colors

# Ornamental Trees

**Amur Maple**  
 full sun / part sun  
 15-20 feet tall  
 multi trunked tree  
 excellent fall color  
 good garden, patio tree

**Brackens Brown Magnolia**  
 full sun / part sun  
 up to 12 feet tall  
 attractive glossy leaves  
 compact upright growth  
 white fragrant flower

**Chaste Tree**  
 full sun  
 15-20 feet tall  
 spikes of bluish, purple flowers  
 good specimen plant

**Globe Lilac Tree**  
 full sun  
 up to 6 feet tall  
 globe can reach 4 feet wide  
 purple fragrant flowers in summer

**Jane Magnolia**  
 full sun / part sun  
 up to 10 feet tall  
 large pink flowers in spring

**Japanese Maple**  
 full sun / part sun  
 up to 20 feet tall  
 slow growing  
 unique burgundy leaf  
 good branch structure

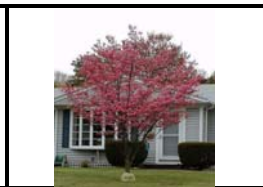

**Kousa Dogwood**  
 full sun  
 up to 20 feet tall  
 white flowers in spring  
 excellent fall color

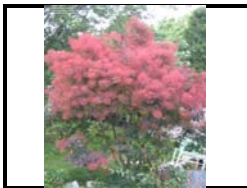

**Paperbark Maple**  
 full sun / part sun  
 up to 30 feet tall  
 attractive bark peels off  
 good courtyard tree  
 excellent fall color

**Pee Gee Hydrangea Tree**  
 full sun  
 up to 6 feet tall  
 large white flowers  
 good for small areas  
 grafted

**Pink Dogwood**  
 full sun / part sun  
 up to 30 feet tall  
 "showy" pink flowers in early spring  
 very colorful

**Smoke Tree**  
 full sun / part sun  
 up to 15 feet tall  
 burgundy leaves  
 cotton like growth on leaves

**Saucer Magnolia**  
 full sun / part sun  
 up to 30 feet  
 large pinkish, white flowers in early spring

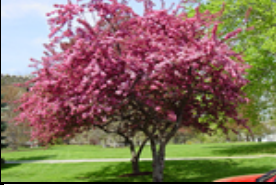

**Weeping Cherry**  
 full sun  
 up to 10 feet  
 tiny pink flowers  
 flowers in early spring  
 cascading branches

**Weeping Mulberry**  
 full sun  
 up to 10 feet tall  
 large glossy leaves  
 holds shape well

# Trees

	<p><b><u>Aristocrat Pear</u></b>            full sun / part sun            up to 50 feet tall            has better branch structure than most pears            beautiful white flower in spring</p>		<p><b><u>Autumn Blaze Maple</u></b>            full sun / part sun            up to 40 feet tall            brilliant fall color            moderate growing</p>

# Trees cont...

## River Birch

full sun / part sun  
up to 50 feet tall  
multi-trunked-usually in clumps of three - fast growing  
triangular leaves, yellow in fall  
peeling bark leaves white patches on tree

## Saucer Magnolia

full sun / part sun  
up to 30 feet tall  
moderate growth  
pink and white flowers in early spring

## Spring Snow Crab

full sun  
up to 15 feet tall  
small white flowers in early spring  
good for small areas or as an ornamental tree

## Sweetgum

full sun / part sun  
up to 70 feet tall  
most drop spiny balls - is offered in a variety that won't do so  
large star-shaped leaves  
yellow color in fall

## Tri-color European Beech

full sun / part sun  
up to 30 feet tall  
slow growing, pyramidal  
trunk looks like an elephants trunk  
reddish purple leaves with creamy colored variegations

## Weeping Willow

full sun / part sun  
up to 60 feet tall  
unique weeping growth  
good next to ponds  
good in wet areas

# Evergreen Trees

## Bald Cypress

full sun / part sun  
up to 60 feet  
columnar growth  
grows well in wet areas  
shedding brown bark

## Colorado Blue Spruce

full sun / part sun  
up to 60 feet--smaller versions (Fat Albert, etc...) may grow to only 8 feet tall  
bluish gray foliage

## Indiana Limestone Bench

Stone benches available in many sizes & colors

# Patterned Flagstone

(From Sturgis Materials)

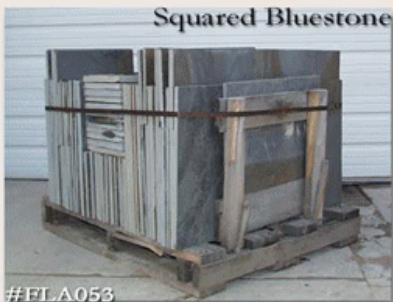

Rick Standard Homes - Dave Bartel Design

Squared flagstones are sometimes produced with broken edges, and some are sawn smooth on various surfaces. Standard sizes for squared pattern paving commonly range from 12"x12" to 30"x36" in 6" increments.

#FLA060

Squared Bluestone

#FLA053

Buckskin Squared

#FLA034

Lilac Purple

#FLA049
